Discover Sveinkorff, our designs inspired by natural colors

Excellence is not easy

BUT WE ARE GETTING THERE

THE CONVICTION

Made with purpose nearly 40 years ago, our story began in Andorra with a simple idea: to create eyewear with character, made with care and built around the people who wear it.

Today, we are a team of four, still driven by the same values. We believe in personal relationships with our customers, in natural materials, and in making thoughtful choices about where those materials come from.

THE MATERIALS

Wood has always held a special place in what we do. Whenever possible, we work with locally sourced, km 0 wood from nearby manufacturers, supporting local craftsmanship while keeping our production closely connected to the place we call home.
